

# Birdie, sospensione

by Ludovica+Roberto Palomba

FOSCARINI

## DESCRIPTION

Suspension lamps with diffused light, available in composition with 6 or 9 arms with rods of 3 different lengths; the versions are achieved by combining several sizes. Metal canopy and aluminium rod, both epoxy powder coated. Ceiling canopy with galvanised metal bracket and epoxy powder coated white metal cover. Fitted with three stainless steel suspension cables and a transparent electrical cable. Opaline polycarbonate internal diffusers, translucent polycarbonate external diffusers, both injection moulded. White colour for canopy and arms, possibility of choosing the diffusers, in the four colours available, also in the same composition.

## MATERIALS

Polycarbonate and coated aluminium

## COLORS

White, Grey, Orange, Amaranth

# Birdie, sospensione

technical details

FOSCARINI

A variable number of arms with a white finish, as slender as the branches of a tree, support small coloured diffusers, whose shape is a reinterpretation of the classic shades. It's Birdie ceiling lamp, whose elements spontaneously coalesce to give life to a friendly lamp, that combines a smooth and familiar structure with a boldly character. Unlike the Birdie ceiling lamp, the pendant one can suit different ceiling heights, thanks to an additional canopy and cable set. Because of balancing reasons, the suspended lamp concerns the version with 6 or 9 arms, the ones endowed with the most scenic appeal and with the largest amount of lights, that light up like the flames of a modern chandelier. Made with sturdy yet lightweight materials, always, Birdie has a different character depending on the colour: in white, it can be discreet and almost invisible, but in amaranth, orange or grey it becomes more of a prima donna capable playing the starring role in a room.

technical details

FOSCARINI

The slim support recalls the trunk of a tree, its shade is a reinterpretation of the classic reading lamp, while the branch, as if ready for a “birdie” to alight, beckons your touch, turning it on or off. These three elements spontaneously coalesce to give life to a friendly lamp, that combines a smooth and familiar structure with a boldly character. Made with sturdy yet lightweight materials, Birdie has a different character depending on the colour of the diffuser: in white, it can be discreet and almost invisible, but in amaranth, orange or grey it becomes more of a prima donna capable playing the starring role in a room. The wall model expands the possibility of creating combinations of the various versions of the same collection, to co-ordinate the lighting of an entire room.

These three elements spontaneously coalesce to give life to a friendly lamp, that combines a smooth and familiar structure with a boldly character. Made with sturdy yet lightweight materials, Birdie has a different personality, depending on the colour: in white, it can be discreet and almost invisible, but in amaranth, orange or grey it becomes more of a prima donna capable playing the starring role of a room. Always monochromatic, from lampshade to the base for a decisive character without compromises. There are two dimensions available for the table lamp, designed to blend in easily with the surroundings. Whether beside an armchair or a sofa in the living room, on the desk in a study, on a bedside table, or in any other room of the house, Birdie fits naturally in and accompanies everyday life with a pleasantly stylish presence.
