

jey feel

Cucina e living caratterizzati da effetti luminosi, vellutati, delicati. Questa è la nuova Jey Feel, progettata per soddisfare le esigenze di chi desidera una cucina moderna con un tocco urban chic. Jey Feel si distingue per i nuovi decorativi: palette materico-cromatiche che consentono di personalizzare al massimo il proprio spazio e di renderlo unico e assolutamente consono alle proprie esigenze. Le basi e le colonne si presentano lisce in diverse essenze e colori, anche abbinabili tra loro grazie alla tenuità delle nuance. Gli elementi a giorno si inseriscono nella composizione creando movimento tra vuoti e pieni. L'ampia offerta di finiture e di dettagli la rendono speciale sotto tutti i punti di vista.

Jey Feel è un concetto di cucina che si esprime in modo semplice e diretto e che coniuga i valori di stile, funzionalità e convivialità propri del Gruppo Lube.

CREO ECOLOGIC

IL GRUPPO LUBE HA SCELTO DI UTILIZZARE PER I COMPONENTI COSTITUENTI LE STRUTTURE DELLE CUCINE SOLO MATERIALE A BASSISSIMA EMISSIONE DI FORMALDEIDE: CONFORMI ALLO STANDARD F4STELLE SECONDO LA NORMA JIS, CERTIFICATO DAL MINISTERO GIAPPONESE, IL PIU' SEVERO IN MERITO ALLE NORMATIVE DI SALVAGUARDIA AMBIENTALE.

Regarding the production of its kitchen structure components, lube group has decided to only use materials featuring very low formaldehyde emissions complying with the 4-star standard, as defined by the jis regulation. This standard is certified by the japanese government-the most rigorous when it comes to environmental protection.

Kitchen and living area characterized by luminous, velvety and delicate effects. This is the new Jey Feel model, designed to meet the needs of those who desire to have a modern kitchen with a urban-chic touch. Jey Feel stands out for its new finish decorations: textured-chromatic palettes that allow customizing the space making it unique and suitable to your own needs. Base units and tall units are smooth in different essences and colors, which is possible to combine thanks to the nuance softness.

Open elements fit into the composition creating dynamism between empty and full. The wide range of finishes and details make it special from all points of view. Jey Feel is a kitchen concept that expresses itself in a simple and direct way, combining all the Gruppo Lube values: style, functionality and conviviality.

PENSILI RIBALTA CHIUSURA AMMORTIZZATA

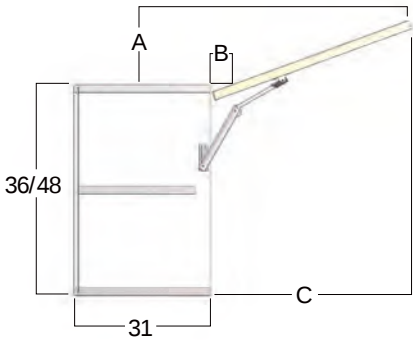

FLAP DOOR WALL UNITS BLUMOTION CLOSING SYSTEM

PENSILE CON APERTURA A RIBALTA

Le ante aprendosi verso l'alto consentono di avere un' ampia visione d'insieme all'interno del mobile. In questo modo è possibile un comodo accesso agli oggetti contenuti al suo interno e, dal punto di vista ergonomico, molto vantaggioso. La regolazione della forza di apertura può essere impostata in modo esatto in base al peso del frontale. Grazie all'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata di serie.

WALL UNIT WITH FLAP DOOR

The doors that open upwards guarantee ample overall visibility inside the cabinet. In this way, all objects housed inside the cabinet can be comfortably accessed, making the system highly advantageous from an ergonomic perspective. The opening force can be adjusted precisely according to the weight of the front. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned standard

PENSILI APERTURA VERTICALE OBLIQUA CHIUSURA BLUMOTION

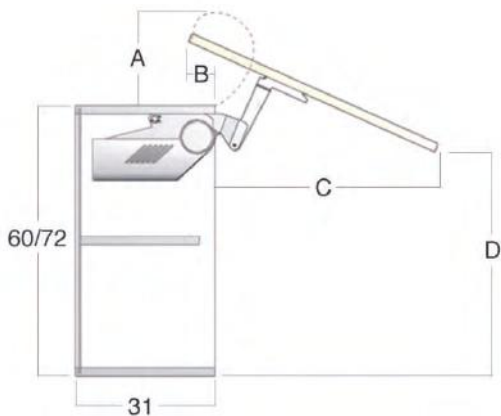

WALL UNITS VERTICAL OBLIQUE OPENING AND BLUMOTION CLOSING SYSTEM

APERTURA VERTICALE OBLIQUA

I pensili con questo tipo di meccanismo necessitano per l'apertura di poco spazio libero sopra il mobile grazie al movimento basculante dell'anta che si apre senza difficoltà applicando poca forza anche in presenza di frontali pesanti. Con l'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata ed è possibile regolare la forza di tenuta in base al peso del frontale.

VERTICAL OPENING OBLIQUE

Wall units that mount this type of mechanism require little clearance above the cabinet thanks to the swivelling movement of the door that can be easily opened by applying slight pressure, even with heavy fronts. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned and the closing force can be adjusted according to the weight of the front door.

Il meccanismo d'apertura ante a pacchetto è idoneo sia sul pensile H 72 che H 96; la regolazione della forza di apertura può essere impostata in modo esatto in base ai pesi dei frontali, la chiusura è ammortizzata e la cerniera centrale clip si contraddistingue per l'innovativa tecnologia che garantisce la sicurezza per le dita.

WALL UNIT WITH LIFT-UP FOLDING DOORS

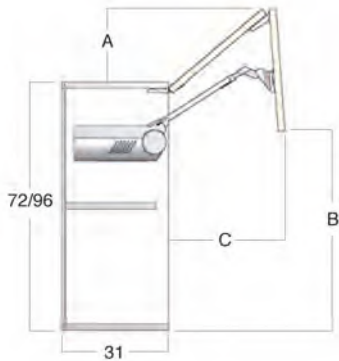

The lift-up folding door opening mechanism is suitable for wall units with H 72 or H 96; the opening force can be adjusted precisely according to the weight of the fronts, while the closing movement is cushioned and the central clip-on hinge features innovative technology for safeguarding the fingers.
