Calvi Brambilla

Ettore

Scultoreo, simbolico, audace: il tavolo Ettore, omaggio al maestro Ettore Sottsass, nasce dal desiderio di giocare assemblando in modo ironico tre elementi classici, primari e geometrici. La gamba centrale, dalle dimensioni monumentali, viene alleggerita verso la base per suggerire un contrasto ironico tra le parti e creare un effetto inaspettato, che esorta lo sguardo a credere che non tocchi terra. Il gioco viene enfatizzato dalle scelte materiche: il metallo lucido del piatto che costituisce la base riflette la gamba producendo l'illusoria impressione che il tavolo sia sospeso ed in bilico. All'idea del gioco i due designer hanno saputo accostare la visione di Pianca, portatrice di un linguaggio essenziale ed elegante, scandito da materiali e finiture selezionati.

^{EN} Sculptural, symbolic, bold: the table Ettore, homage to master designer Ettore Sottsass, stem from a desire to have fun assembling three classic, primary, geometric elements in an ironic way. The central leg, monumental in size, tapers at the base to produce a lighter look and suggest an ironic contrast between the parts and an unexpected effect, fooling the eyes into believing it doesn't touch the ground. The effect is emphasized by the choice of materials: the shiny metal of the plate forming the base reflects the leg, producing the illusory impression that the table is suspended and precariously balanced. The two designers successfully paired the idea of the toy with the vision espoused by Pianca, champion of an elegant, pared-back language punctuated by premium materials and finishes.
