Un contenitore spazioso e capace di personalizzare un arredo: è la doppia qualità della madia Ginevra. Le ante, snelle e sporgenti rispetto alla struttura, si incardinano su cerniere a scomparsa, sposando la bellezza alla praticità. I ripiani interni in vetro rispondono in modo dinamico alle necessità di contenimento e gestione dello spazio. Le grandi ed espressive maniglie, quadrate o rettangolari, sono accostabili tra loro a formare mutevoli composizioni geometriche in abbinamento o in contrasto con le ante. Le finiture laccate, essenza o metalliche possono contraddistinguere anche il basamento.

<sup>EN</sup> A spacious unit designed to add a personal touch to your design scheme: dual qualities possessed by the Ginevra sideboard. The slim doors protruding beyond the edge of the carcass swing open on hidden hinges, combining beauty with practical use. The internal glass shelves offer a dynamic response to storage and space management needs. The large, expressive handles, either square or rectangular, can be arranged to form changing geometric compositions, marching or contrasting with the doors. The lacquered, wood or metal finishes can be used as a distinctive feature on the base, too.
