DOMINO —
NICOLA GALLIZIA 2005

A system of padded pouf and linear shelves make up a galaxy of satellites for the conversation area and bedroom areas. Designed by Nicola Gallizia to be inserted into each other, these pouf and small tables allow multiple compositions. Available in leather or fabric, with chrome metal or lacquered structures and tops of glass, marble, gres, lacquered or various types of wood. The mirror is in silverplated glass and rests on the floor and has a system to enable it to be affixed to the wall.

FEATURES
Domino, a system of tables and poufs, an original variant of the small tables fitting into one another, always provided with a bearing structure made up of two reversed, dissymmetric cross-shaped "C's", and tops of different shapes, sizes and finishes. They are combined with exactly matching soft cylinder-shaped poufs that can be manufactured in any kind of fabric/leather.

The mirror is in silverplated glass and rests on the floor with a surrounding steel frame finished in shiny chrome. Mirror for resting on floor, with pre-disposed system for fixing upper part to the wall. Fixing to the wall obligatory. The mirror comes with a protective safety film.
