

GATWICK — RODOLFO DORDONI 2019

1—
3

This table takes the name of London's Gatwick airport, one of the busiest in the world. It is the particular structure of twisted and criss-cross steel recalling an airplane propeller or a helicopter blade that inspired the name. The aluminium frame in several contemporary finishes, such as black chrome, zinc or pewter colour, supports elegant rectangular or oval tops of different sizes enriched with wood or marble, selected from the Molteni&C collection.

FINISHES

STRUCTURE FINISHES

glossy zinc
black chrome
pewter colour (satin finish)

WOODEN TOP FINISHES

eucalyptus
graphite oak
walnut

MARBLE TOP FINISHES

orient grey
Sahara noir
