

BONALDO

Sol

Designer: Bartoli Design

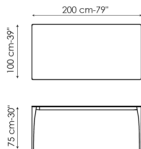

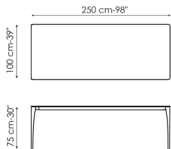

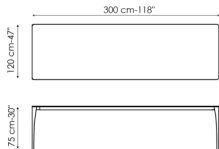

Thanks to the slender shape of the aluminium legs and the simplicity of the top, Sol expresses an elegant lightness of form that succeeds in being discreetly integrated in every room. Perfect as a work table or as the centre of conviviality in the domestic space, Sol can take its place in many stylistic contexts, thanks to its sober, organic appearance. The simplicity of

the lines is enhanced by the use of innovative technical materials with high aesthetic value. The overall profile is lean and modelled in such a way that it is slender yet solid at the same time: a minimalist and essential vision, made dynamic by the characteristic shape of the legs that, tapering from the top downwards, appear streamlined and light.
